

AFFORDABLE THERMAL IMAGING FROM FLIR

FLIR's Navigator series offers thermal imaging that empowers boaters to safely navigate at night and in other low-visibility conditions. The Navigator's thermal imager creates real-time video by detecting subtle differences in temperature, which the driver views from the wheelhouse display. In thermal imaging, warm objects appear white and cool objects appear black. The ultimate in versatility, the FLIR Navigator offers a fixed-forward configuration for \$4,999, and electronic zoom 360° panning for \$7,499 or a full pan/tilt system for \$8,999.

PUROSOL SPORT/MARINE CLEANS AND PROTECTS OUTDOOR ELECTRONIC EQUIPMENT

PUROSOL Sport/Marine is an enzyme-based cleaner specifically formulated for outdoor electronic equipment such as coated lenses on telescopes, gun scopes, binoculars, hunting equipment, or the sensitive screens on handheld GPS devices, depth finders, radar and other boating equipment.

PUROSOL Sport/Marine is engineered to work on the molecular level, actually breaking the bonds that salt, dirt and grime use to grip a surface. Unlike ordinary cleaners, which are made up primarily of alcohol, ammonia, harsh solvents and colored dye, PUROSOL

Sport/Marine is completely organic and environmentally safe. 2 oz. Bottle, \$12.95

PUROSOL Sport/Marine is available at boating and outdoors stores nationwide. For ordering information or to learn more, visit www.purosol.com

THE SECUREPROP®!

The SecureProp®! propeller lock is fully machined from space-age, corrosion-resistant stainless steel and through-hardened tough for durability and long-lasting beauty. This proven design features two fitted collars which clasp around the lip of the entire propeller hub, locking tight with a reflective stainless steel lid that locks tight and totally secure, thereby preventing ANY attack by gripping tools or wrenches to loosen the propeller nut. The lid and collars are then locked with an ABUS pad lock, giving you the best protection available against propeller theft. Ask for the SecureProp®! propeller locking system by name. \$179.95 retail.
